

Series of corner and linear panels conceived to create intimate and sheltered spaces.

The panels are available in two heights and can be combined with each other.

Structure: matt varnished aluminium

- provided with base-plates for placing on the ground without anchoring
- provided with plates for the fixing on weight bearing surfaces
- provided with plates for the direct fixing on soft surfaces.

Upholstery: fixed, in Maris or Thuia fabric.

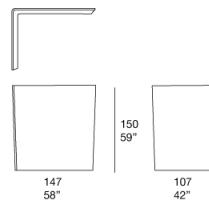

Notes:

Central screens cannot be used alone, but must be always combined with left and right screens.

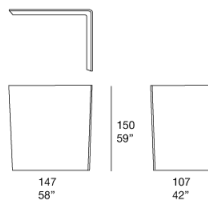

The fabric Thuia in bianco and sand colour is always matched to structures in avorio colour, in the colours basalto, mora, ruggine, sottobosco, oliva and foresta and in the several mélange colours it is matched respectively to structures in the colours grafite, mora, ruggine, sottobosco, oliva and foresta.

The colour of the upholstery always matches the colour of the structure.
