

Side table available in two dimensions, with two or three tops positioned at different levels.

Structure: AISI 316 stainless steel rod, matt varnished in grafite colour. Plastic spacers.

Tops:

- in Sciara
- in Ikeda.

Notes:

The décor of Sciara tops is made by hand and makes each single piece unique. The material, the particular production process and technique lead to different patterns on each element, which in turn form tops, which are different from one another, even within the same batch. Irregularity is the featuring characteristics of this production process.

The tops in Ikeda are made of hand-crafted ceramic, cut and reassembled to form a geometric décor on the surface.

This product can be used also in interior environments.

We advise to use a Winter Set protection cover.
