

Dining table available in different dimensions.

The Nesso series also includes side tables.

Base: profiles in extruded aluminium and molded aluminium joints matt varnished in avorio or grafite colour or gloss varnished (reference colours: Mano Lucida wood sample collection), adjustable spacers in stainless steel and rubber.

Top:

- Luce
- Cristal.

The Luce tops are made and finished by hand with exclusive colours by Nicolò Morales.

Notes:

The tops in Luce are made by hand with natural materials, which react unpredictably to crafts production processes. Their surface can feature thickness differences, little marks, small holes less or more deep, striping, little variations of colour tone and solidity. These characteristics are linked to the very nature of the materials and are considered qualities able to make each top in Luce unique and different from any other.

The Cristal tops are made by interposing a layer of fabric between two sheets of transparent extralight tempered glass. The edges of the tops is sealed to allow safe use in outdoor environments.

A swivel accessory top (lazy Susan), available in Cristal and in two dimensions, can be put in the middle of the table.

This product can be used also in interior environments.

We advise to use a Winter Set protection cover.
