# PÈRE

The unique angular form of Père echoes the characteristic geometry and shadow play of structured modern architecture, while the elegant slender edge and refined chamfer detail suggest a much gentler design approach.

The juxtaposition creates stunning basins with light proportions and beautiful detailing.

# RITMO

The bold details of Ritmo furniture have a beautiful rhythmic quality.

The sensitively formed vertical flutes create subtle shadows, while a discreet finger-pull handle runs along the top of the drawer.

A stylish and functional piece that works perfectly in a busy family home or luxurious private ensuite.
