Rubinetterie Ritmonio persegue con impegno una intensa attività di ricerca finalizzata al perfezionamento dei prodotti che si concretizza nell'introduzione di materiali, innovazioni progettuali e tecnologie produttive. È quindi possibile che i prodotti presentino caratteristiche tecniche ed estetiche diverse e comunque migliorative rispetto a quelle illustrate in questo catalogo. Tali variazioni potranno avvenire anche senza alcun preavviso. Le immagini dei prodotti all'interno del catalogo possono non riprodurre la corretta installazione ed il corretto utilizzo dell'articolo, in quanto le ambientazioni sono frutto di una ricerca creativa e di una scelta scenografica, più che funzionale. Resta quindi inteso che le immagini sono puramente indicative.

The images of the products, inside our catalogue, cannot reproduce the correct installation or use of the article since the sets are the result of a creative search and of a scenographic choice, rather than functional. So you have to consider that the images are purely indicatives.
