Passepartout

design : F. Rota

Side tables with removable round top which can turn into a practical tray.

Top: aluminium veneered and finished Mano Opaca or Mano Lucida. The border in heartwood and the lower surface of the top are lacquered in matt or gloss colours matching the upper veneerd surface.
Base: AISI 316 stainless steel varnished in matt or gloss colours matching the top, plastic spacers.

Notes: It is possible to use the Passepartout side tables also in the exteriors, taking care not to leave the tops exposed to direct rain.
