ALIYA BY LORENZA BOZZOLI

ENGLISH

DINING CHAIR

Aliya, a feminine Arabic name meaning “elevated, sublime,” is a stackable dining chair designed by Lorenza Bozzoli for outdoor settings. Its distinctiveness lies in the sinuous curves of its structure and the clean linearity of the legs, accentuated by contrasting tips, giving it an iconic and sophisticated presence.

Aliya embodies elegance and versatility, ideal for both stylish outdoor gatherings and intimate, refined settings. Its light, stackable design and durable aluminum structure make it perfect for garden parties, bucolic café terraces or a serene balcony retreat.

Structure (1)

Aliya dining chair is both stackable and lightweight, facilitating storage and handling. The structure is made in aluminum, available in a selection of colours, catering to diverse

design preferences and application needs. It features distinctive finishing tips in metallic champagne or metallic bronze.

Cushions (2)

Specifically engineered for superior comfort and performance, the cushion inserts are composed of high-density, non-deformable polyurethane that provides stability and support, covered with a polyester fiber net. The backrest cushion is available in either a rectangular or round shape.

Fabrics

The external covers are suitable for outdoor use, removable and washable offering ease of maintenance. Both the seat and the back cushions have a velcro strap to secure them to the aluminium structure, providing better stability.
